

Cable Ties

Tridon cable ties are available in assorted materials, colours and sizes to suit all types of applications.

Nylon cable ties are manufactured from virgin nylon 6/6 and are UL94V-2 flammable rated. Black cable ties have been U.V. stabilised to resist material breakdown and increase service life.

Stainless steel cable ties are manufactured from 304 grade stainless steel with a unique ball locking mechanism.

All cable ties are packaged in handy retail packs or trade quantities. Merchandisers are also available to display popular cable ties.
